

Dear Rachel

I am your number one fan. I love seeing every one of your photos
over 100 times.

Even though we have never met, it's love we stopped sharing
the **LOVE**, for the another. I am dedicated to be the mother
of your children and be there for you and **NOT EVEN GOD**
can keep us apart.

You deserve a woman who will worship you, who can make
you bliss never. I am not a person. I don't like to fight I don't
want nobody my hand of you and, finally, truly and
having your pills transforming into mine. That's why I am coming
to Montreal. Long distance partners never work. I want you
to take this relationship to the next level. We need to get
closer - **MUCH CLOSER**.

The love of your life
Diana

ps I've included a lot of my love
to get you things, my baby things.
