Open in a heart.

Love  
I love you

That  
I love you too

Love  
The words I said were to you,  
I know you want the cup,  
You've loved me so many  
I never thought possible.

That  
When you said you were with  
me, I was with you,  
I wanted to be with you,  
I wanted to be with you.

Love  
I don't know what I'd do  
if I ever loved you,  
I can't imagine life without you.

That  
I'd not going anywhere,  
I just in which you,  
the biggest moment after  
in the is great to be with you.

Love  
I'd never did that love without you,  
I'd never did that love without you.
